

ATC at KGMU for Pilots & Airworthiness issues for Maintenance Technicians

Open to ALL Pilots and A&P Maintenance Technicians!

Sonny Massey, the GMU Tower Chief, will explain the runway lighting and signage project that is ongoing at the airport, and deal with local ATC issues during a discussion session.

Brett Zukowski will deal with maintenance deferral issues rising from 14 CFR 91.213. "Can I fly this airplane today?" We will have an open discussion session on the topic.

Each session will last approximately one hour.

Directions: Come through the Bob Jones University Wade Hampton Blvd. main entrance, proceed straight ahead, then turn left into the FREE parking garage. Look for a person at the street-level corner of the garage, and you will be directed to Alumni Building Lecture Room B.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
